

BIRLA INSTITUTE OF TECHNOLOGY & SCIENCE, PILANI (RAJ.)

**Second Semester 2017-18      CS F111 Computer Programming**

LABORATORY SESSION #8

***(Strings)***

This week in the lab, you will work with strings and string functions. While you are already familiar with the fundamentals of this topic, you will learn more by reading from the document (see link below) and exploring. You shall also attempt the five exercises provided in the document.
